

## Company Overview

Forth Corporation Public Company Limited (Company), has been operating a business of information communication technology and electronic devices for over 30 years. Currently, the Company business structure has divided into 3 groups as follows:

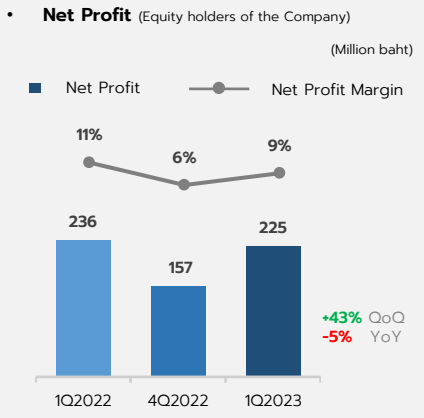

## Financial Highlights

### Overall Operating

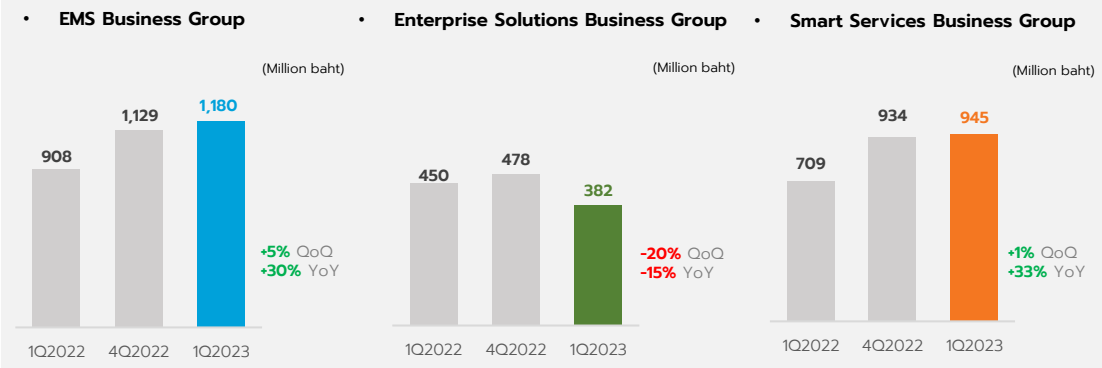

In 1Q2023, total revenues was Bt2,613mn, increasing 20% YoY and 2% QoQ

In 1Q2023, net profit was Bt225mn, decreasing 5% YoY but increasing 43% QoQ

### Revenue from 3 Business Groups

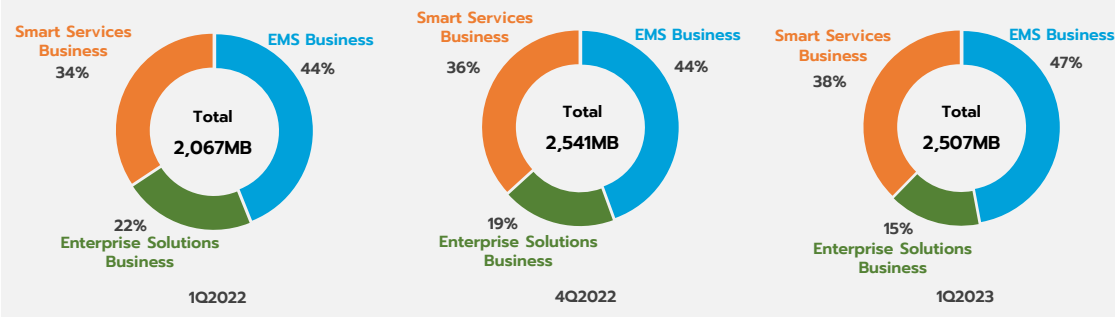

In 1Q2023, the revenue from EMS business group was Bt1,180mn, increasing 30% YoY and 5% QoQ mainly from an increase in the orders from one of the major customers of electronic circuit board manufacturing and assembly work.

In 1Q2023, the revenue from Enterprise Solutions business group was Bt382mn, decreasing 15% YoY and 20% QoQ mainly impacted by a decrease of revenue from 2 projects, a smart metro grid and a digital trunked radio project, which was in the final phase of the project.

In 1Q2023, the revenue from Smart Service business group was Bt945mn increasing 33% YoY and 1% QoQ mainly due to an increase in revenue from beverage business (TAOBIN).

### Revenue Breakdown of 3 Business Groups
